

Wellcome to **ALAVUS**

A dynamic city with open scenery and several lakes offers a beautiful place to live, work and lead an active life.

Of the whole region of Southern Ostrobothnia, Alavus has the highest density of summer cottages.

Whether at work or leisure the inhabitants of Alavus are active. Our excellent sports facilities together with many cultural activities in the region offer a high variety of free time activities.

The diversity in the field of entrepreneurship is one of the key elements in Alavus. Our strength is strong construction industry. We build using wood, concrete, steel, aluminium and glass.

The most popular tourist attraction in Finland, Village Shop Keskinen, is located in Tuuri, Alavus. Every year over 6 million visitors come together and enjoy shopping, various restaurants and experiences.

You are welcome to discover career opportunities in Alavus!
